231. *Galaxias maculatus* (Jenyns)

J. Drayton  
Orange Harbour  
Apr. 1889

From Fresh water lakes  
near Orange Harb.

284.

(4 specimens in alcohol)

Milk Water

191

Large brownish  
-detached from milk

Blue white

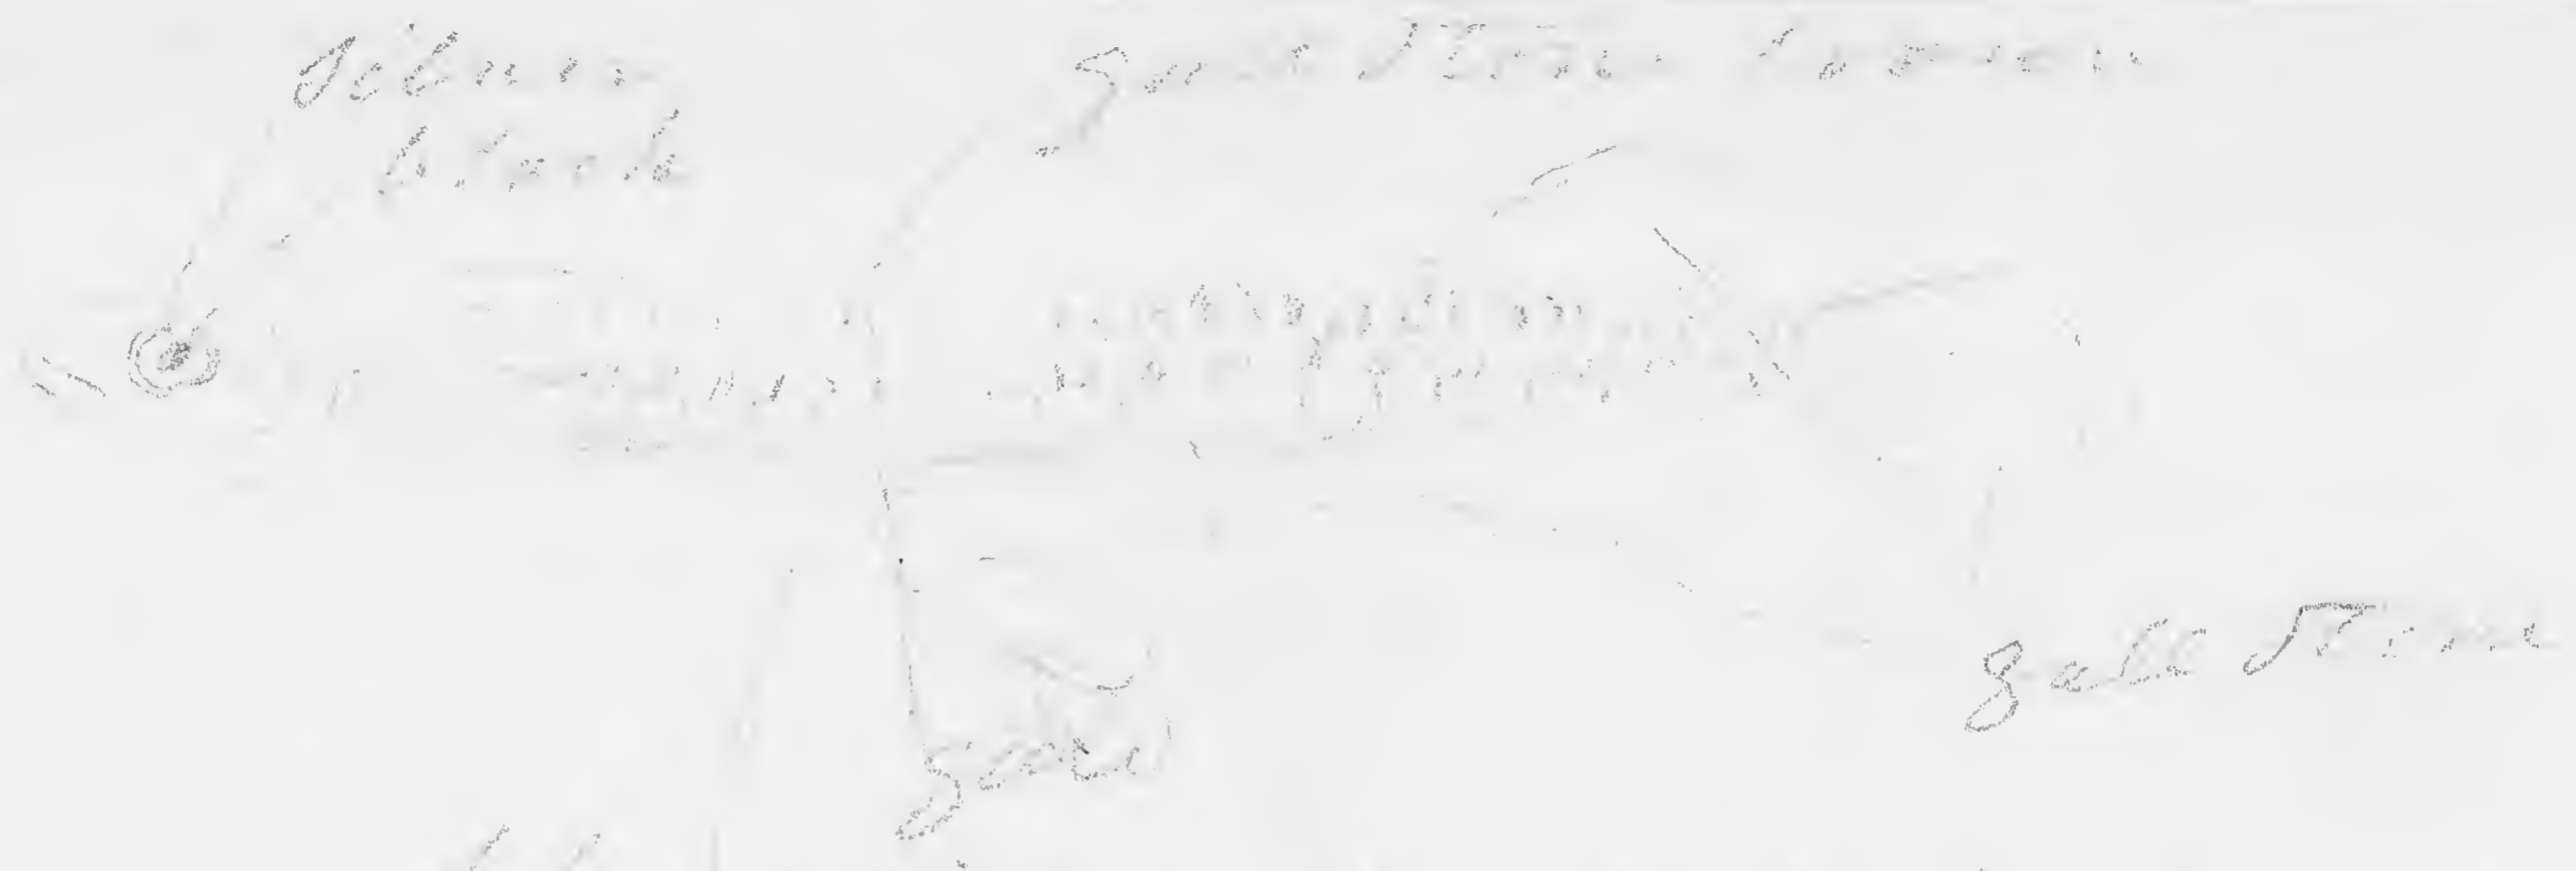

Pink reflection

Yellow  
greenish  
blue  
white

From the Abou Kadia pa  
Wau Kadia River

The back of the same species in  
milk water as back to last  
From detritus of galls

278

leaves white

This, I think is also the same  
 bark is killed  
 found also in Sicily  
 but it is much commoner  
 there

G. Druyter Shrub  
 Bay of Islands  
 N. Zealand

From the wai Kadi pa  
 wai Kadi River
